Candace:

Thank you for the data. Yes, we would like to have a call with your technical folks. Wednesday and Thursday afternoon next week (Oct 6 and 7) generally work for us. Please send let us know if there is a time, or times, that work for EPA.

Thanks,
Tom

Candace, here's the final data package for the VOC analysis. Per the transmittal memo, please ensure that you file this electronic transmittal in your records management system. The Regional Laboratory will now retain all the electronic or

original hardcopy documentation (e.g. COC[s] and the R7LIMS field sheet[s], etc) according to our LSASD records management system.

Copying R5 for inclusion in the GMAP report.

Thanks

Cecilia Tapia

Attached are the electronic copies of the Final and Excel LIMS data (+TICs) files for ASR #9010 (Ethanol Plant air sampling).

In addition, the electronic Chain of Custody (COC) record is attached to the above copy of the final LIMS data transmittal for ASR #9010. Please ensure that you file this electronic transmittal in your records management system. The Regional Laboratory will now retain all the electronic or original hardcopy documentation (e.g. COC[s] and the R7LIMS field sheet[s], etc) according to our LSASD records management system.

ACTION REQUIRED: Please complete an online ASR Sample/Data Disposition and Customer Satisfaction Survey for ASR #9010.

It is critical that we receive your response in accordance to RCRA and the laboratory accreditation. Lack of a response does not guarantee that the laboratory will not dispose of the samples after 30 days.

We look forward to hearing from you.

Thank you!
